

job

SENIOR SCALA DEVELOPER

We are looking for a talented software developer to join Metaco's team in Lausanne.

You will be contributing to the development of the core product SILO, a digital asset management solution designed for financial institutions.

You will be working on a Scala stack, surrounded by experts in cutting-edge technologies relative to blockchain, hardware security and cryptography.

You will be working closely with blockchain experts, embedded software engineers and hardware manufacturers. Your contribution will have a direct impact on the evolution of the cryptocurrency/fintech industry as we know it today.

company

METACO is a Swiss financial technology company securing the foundations of the tokenized economy. Established in 2015 with the objective to explore and design institution-grade digital asset management solutions, METACO made its breakthrough in 2018 with the launch of SILO, the digital asset storage solution for banks. Founded by Adrien Treccani and Nicolas Dorier, METACO counts on a team of proficient industry experts and software engineers, institutional shareholders (among which Avaloq, Swisscom, SICPA and Swiss Post) and a growing network of strategic partners across the fintech and banking sectors.

profile

Requirements:

- Experience building scalable and/or distributed applications in Scala and/or an OO language and basic functional exposure (e.g. Clojure, Haskell, Elm, Erlang, Lisp, ML, Scheme, or Boost.Lambda etc.)
- Experience with (or a willingness to learn and regularly use) Idiomatic Scala
- Experience with Kanban or SCRUM, and a willingness to actively participate in ceremonies
- Test driven development, code reviews, and pairing from time to time

Desirable:

- Akka / Akka-streams / Kafka / Reactive Programming
- Microservices architectures / bounded contexts
- NoSQL stores, e.g. Cassandra, Couchbase, MongoDB
- Docker / Kubernetes / AWS / Google Cloud
- REST JSON APIs with Akka-HTTP / Play Framework
- Cats/Scalaz etc and other functional abstractions

+

By joining METACO today, you will be able to shape a young company (and an industry) at an instrumental time. Metaco has currently 4 institutional partners Swisscom, Avaloq, Swiss Post and SICPA allowing you to develop your skills in a unique environment.

We're looking forward to receive your applications very soon at the following email address: f.marques@pragmatiq.ch

Mr Félix Marques, in charge for this recruitment, will answer your questions & contact you for an interview in case your profile matches accordingly.

You can also contact us if more precisions required at phone number: 021 323 60 04
